Driving to the airport
Check-in at the airport
Security at the airport
Getting a snack at the airport
Getting everything ready for take-off
Boarding the plane at the airport
Arriving at...Draw picture of where you want to go
Ready to welcome you home
Arriving back home at the airport
Getting our bags at the airport
Runways, Control Tower, Air Terminal and Operations
Big Red always ready to go
Pilots use words rather than letters when identifying their aircraft over the radio, because it's easier to understand. "Waterloo Tower, this is Cessna Charlie Papa Sierra Foxtrot" than "This is Cessna C-P-S-F", since "S" and "F" sound alike. Here's the full pilots' alphabet.

A - Alpha  J - Juliet
B - Bravo  K - Kilo
C - Charlie L - Lima
D - Delta M - Mike
E - Echo N - November
F - Foxtrot  O - Oscar
G - Golf P - Papa
H - Hotel Q - Quebec
I - India R - Romeo

Can you find these words?
